Dear Bobby:

We had previous correspondence with your council concerning the above named individual. We really would like to close the file, if the legal action has now been completed.

It was indicated that there was possible sexual abuse plus some financial problems. Either one of these matters which leads to a conviction would help to substantiate our refusal of registration anywhere in the country.

If you feel we should contact some particular council in Colorado for more information, please do not hesitate to give us this information.

Thank you for your help.

Dear Rick:

You previously sent me some information concerning the above named individual. Last August it was indicated that he was under investigation for possible child abuse.

We follow-up on all our files periodically and would like an update in order to have more substantiation for refusing registration. We would like to also have information on the financial action if this has now come to trial.

Thanks for your help in completing the file.

SUBJECT: WAVERLY T. CALAMIA

Dear Bobby:

We received a telephone call in early May concerning the above named individual. At that time it was indicated that this individual was accused of child sexual abuse. We were also told that more information would follow. To this date, we have not received any additional information.

We are enclosing a confidential record sheet which we would like to have completed so that we may identify Waverly Calamia. We would also like to have a copy of a paper with his signature, as this aids in the identification process.

Any further information which you can give us which would substantiate these changes will be most helpful. Newspaper clippings, court records, or other documents are necessary if we are to complete our file.
